

HP Collector Satin Canvas

The HP Designjet printing system—the complete solution

HP Designjet printers, Original HP inks and printheads, and Original HP printing materials are designed to work together as a system to provide reliable, consistent results with every print.

¹ With Original HP 83 UV inks or HP 70 Photo Inks. Indoor display permanence rating for interior displays/away from direct sunlight, under glass by HP Image Permanence Lab and/or by Wilhelm Imaging Research, Inc. For more information, see globalBMG.com/hp/t/printpermanence.

² With Original HP 70 Photo Inks. Interior in-window display ratings by HP Image Permanence Lab on a range of HP media. HP predictions based on test data under Xenon-Arc illuminant—calculation assumes 6000 Lux/12 hr day. For more information, see globalBMG.com/hp/t/printpermanence.

Create long-lasting museum-quality prints

Produce museum-quality prints with less scrap

Produce exquisite, museum-quality results, print after print, with HP Collector Satin Canvas. See more possibilities with a larger color gamut. And enjoy less scrap with a more consistent base fabric and a smooth, even brighter white satin finish.

Make a lasting impression

Make sure your works of art withstand the test of time. HP Collector Satin Canvas and Original HP pigment inks produce long-lasting prints—up to 200 years indoors, away from direct sun,¹ up to 1 year in-window, unlaminated.²

Maintain an easy, smooth workflow

To provide trouble-free printing, Original HP media is designed together with HP Designjet printers. Choose from a wide variety of compatible laminates, use HP ICC profiles, and stretch, fold, mount this flexible material—without cracking the image.

Target customers	Applications	Benefits
Fine artists	Fine-art reproductions	More consistent base fabric reduces scrap
Professional photographers	Digital art originals	Brighter white surface, larger color gamut
Art reproduction houses	Landscape or portraiture photography	More vivid, even brighter images
Graphics-oriented print service providers		Smooth satin finish
		Indoor display permanence up to 200 years, away from direct sun, ¹ up to 1 year in-window ²
		Broad laminate compatibility
		Flexible finish resists cracking for easier mounting
